

Xpress Walk®

An Extra Walkway for Your *Permaport Xpress*®

The *Xpress Walk*® improves ease of access getting on and off your personal watercraft from our *Permaport Xpress* port. *Xpress Walk* effectively extends the square footage of the *Permaport Xpress* for embarking and disembarking on your personal watercraft. Filled with polyurethane foam, it runs the entire length of the *Permaport Xpress* and provides the comfort of an additional 20 inches of width to the boarding surface.

Xpress Walk is produced in an attractive faux granite, either grey or tan, matching *Permaport Xpress* color options. Like all of our accessories, the *Xpress Walk* was made to withstand harsh weather and the marine environment. Either add one to the most convenient side, or place two on each side for an overall 98-inch-wide port. It is especially handy as a floating center walkway between two ports as shown in the photo below.

The *Xpress Walk* is stress-free to install, is a stable walking platform, and will enhance the start and end of any journey!

Xpress Step[®]

A Comfortable Step for Your *Permaport Xpress*[®]

Complementing our *Permaport*[®] Xpress is the *Xpress Step*[®]. This step attaches to the personal watercraft dock to increase comfort and ease while embarking on your next adventure! Filled with foam, it is produced in an attractive faux granite, either grey or tan, matching *Permaport Xpress* color options.

Like all of our accessories, the *Xpress Step* was made to withstand harsh weather and the marine environment. It is simple to install and easily fits over the mounted noise-reduction hardware on either front or side-mounted ports. *Xpress Step* accompanies the *Permaport Xpress* in such a way that you'll want one for each dock.

Feel confident in your step with the new *Xpress Step*!
